

Subaru Offers Grants for Registration at GSA Annual Meeting

Eligibility:

- Graduate students at a college or university in Colorado state
- Earth science or geology faculty at a 2-year college in Colorado state

GRADUATE STUDENTS

Subaru grants will cover one-half of the registration fee for GSA member and non-member graduate students of Colorado state universities.

In order to receive a Subaru grant, you must:

- be enrolled as a graduate student in a Colorado state college or university for Fall 2004;
- register for the meeting (you must register before you can qualify, awards will be granted after the meeting);
- fill out the Subaru grant application form.

GSA will verify student status of all applicants. Grants will be awarded on a **first-come, first-served** basis to the first 50 registrants who qualify.

2-YEAR COLLEGE FACULTY

Subaru grants will cover one-half of the registration fee for GSA member and non-member earth science and geology faculty of Colorado state 2-year colleges.

In order to receive a Subaru grant, you must:

- be employed during Fall 2004 at a Colorado state 2-year college;
- register for the meeting (you must register before you can qualify, awards will be granted after the meeting);
- fill out the Subaru grant application form.

GSA will verify employment status of all applicants. Grants will be awarded on a **first-come, first-served** basis to the first 15 registrants who qualify.
